I've been reading your ideas with much interest . I am a chicana from los Angeles living and working in Paris, France for the past 12 years. I have been preparing over the last 5 years a documentary that is almost about what I have read on your pages. So you understand why it has taken me so long to produce. My project, sin duda, is too vast, too complex, I must zero (huh, zone zero!) in on one story to tell a larger story. In any case the French are quite interested in my chicano stories. I have been producing tv & radio reports called "Ritmos Chicanos" here in France. What I have read in Zone Zero has re-inspired me to continue on..

Gracias, Merci, thanks
