i was very impressed with your site when i visited it earlier today.

i just set up a page of my own just a few days ago and would like to ask you if my work would be of interest to you when it comes to being displayed at zonezero.

i try to specialize in street photography, normally i take the photos in colour slides and then alter them into black and white and add some tone to them.

i would be honored if you would let me know what you think,

the site is located at.
