Dear Pedro Meyer,

I wish translate some of your editorial writings in Turkish for our on-line magazine "fotografya" (mean of world of photography) <http://ankara.ada.net.tr/fotografya> .. Would you give permission about this matter. Also the classical and digital photography is problematical topic for turkish photographers today.

Site will be transfer to its new address is <http://www.fotografya.net> after current issue.

Regards,

Tahir Ün
