Robert Cowdery

Dear Pedro, I love your website and the works of art that are presented there. Thanks, Bob Cowdery.

Below is a copy of the email that I have just sent. Thank you Pedro for including Sr.Quintanar's works and his email address so that could email him, and thank him personally.

Dear Sr. Quintanar, I have just viewed all of your pictures on Pedro Meyer's website. Whow!!!

You are a great photographer. And you have presented your pictures in a very wonderful, unique and creative way. And your music and your pictures have suddenly reawakened in my heart my love for Mexico, the Mexican people, and their culture.

I have lived in Mexico a number of times with the monks at the Monestario Benedictino in Cuernavaca. Even though, I still cannot speak Español fluently, I have fallen in love with all that I have experienced in Mexico. Presently I am studying for a Masters Degree in Social work at Eastern Washington University.

But as I look at your pictures and I listen to your music on my G-3 Mac, my hearts longs to return to Mexico as soon as I can to live with the kinds of Mexicans that you have illustrated so beautifully.

Muchas Gracias Señor for your very beautiful and unique presentation.

Very Sincerely,

Robert Cowdery
