I would like to register to your ZONEZERO club and became a member.

My name is Przemek Chumiecki and I'm from Poland. Currently, or maybe permanently I live in Detroit US, where I go to college. My major is Multimedia Communication, but my main concern are digital photography and web design.

I'm also thinking to send you my portfolio with some of my works.

Thank you for providing the best ever service for people interested in digital art. You have here the biggest recourse I've ever seen. variety of works and artists is also on a good level.

Hope to hear somethin from you shortly,

Przemek Chumiecki
