May I register?

Hello. I came to this site via geocities.com/soho/veranda/4211/art.html Whew! What a mouthful! I used to teach art but became ill and no longer work. I enjoy surfing the web looking at and for interesting sites. When I do make art, it is usual for me to paint upon something wooden that I make in my shop/studio. I have kind of gotten away from production but hope to return someday. That's all you must know for now.

I am: Pam McVay, artist, writer, art/English teacher retired, consumer
