Dear Pedro,

I figure I have owed you a fan letter for some time now.

Thank you for ZoneZero, which we have been pleased to receive since its inception. Students and researchers who have accessed it here from the Center have also been very enthusiastic about its many issues and insights.

This month's contents have been no different. From the excellence of your editorial and Mraz's piece on Alvarez Bravo to the sad idiocy of the Wigoder essay, your contents are always illuminating and well worth the read. Pray continue with such excellence.
