Good afternoon Mr. Meyer:

I am currently taking a Culture, Technology and Art class which is offered at Santa Rosa Junior College located in Northern California. The class is being taught by whom I believe you know, Ms. Judith Thorn. Ms. Thorn has introduced some of your work to us, i.e., your website, and your c.d., "Truth & Fiction." I have taken the opportunity to visit your website and find your work incredible. It is a website that I could easily spend hours exploring. I also found "Truth & Fiction" to be equally impressive. I appreciate your intention of using your art to 'stir up our spirit, emotion, political and social consciousness.
