My name is E.V.Sreekumar, Chief photographer of one of India's largest circulated daily in India -'malayala manorama'. I am 37 yers old and I have been in the institution for the past 13 years. I find the job very intersting as my daily schedule includes taking a cocktail of programmes like striking employees, relegious festivals, traditional dance forms, sports, monsoon, draughts etc etc. You can very well imagine the variety of assignments we are doing daily. This variety makes the job still interesting after 13 years. I prefer using 'Nikon' equipments and I presently use the nikond1h which I find a very useful camera for newspaper photographers. I work in the souther state of the country called 'INDIA' called 'Kerala'.

This state is the most beautiful state and tourists from all over the world come here to enjoy the scenic beauty . 'National Geographic' magazine finds kerala as the 'must see' 20 places in the world.
