Hi,

I am an amateur photographer, actually more of a photography enthusiast than an actual photographer, considering I bought my first camera only last year. As of now, I am just shooting whatever I can, and hoping someday, I'll evolve my own style.

This was my first visit to your site, and I really liked what I saw. It'd be wonderful if you could include me in your mailing list.

Thank you,

Anandaroop Ghosh,

Kathmandu, Nepal
