Good evening, Pedro

Thank you for your ever-generous and fraternal opportunity to share in your devotion and support for the photographic arts... I'd also like to say it is an absolute pleasure to experience and participate in your quality and website... You and your organization are truly remarkable and I will forward your site to my friends around the globe who are photographers as well... I have submitted some of my work for both your portfolio and gallery opportunities...bien sur...(smile)

Respectfully and most-appreciatively...Asca S.R. Aull
