Dear Zonezero.

I am currently living in the northeast of Brazil as a working photographer in the areas of advertisement and fashion.

I began experimenting with fine art photography later turning to commercial but never losing the fine art aspect of photography and always exploring different ways to photograph the nude.

I found out about Zonezero reading about a friend who was showcased on your website. As soon as I entered the website I felt it was a place I would like to be in touch with for its quality, layout and diversity of work and people from around the world.

Congratulations for your great work.

Galba Sandras

ps: I wiil soon submit some of my work for your apreciation
