

At ZoneZero we are pleased to announce the selection of 12 of our galleries by the Siggraph 2007 curating committee to be part of the ZoneZero gallery at this year's Siggraph Annual Conference in San Diego. The work of the selected ZoneZero artists will be projected as part of this important gathering of digital innovators. The exhibition was held at the San Diego Convention Center from August 5th- August 9th. The exhibition will then tour with the ACM SIGGRAPH Traveling Art Show. We invite you to take a look at the website of the organizers: siggraph.org

We would also like to take advantage of this occasion to remind you just how important your contributions are to us. ZoneZero offers a unique opportunity to make your work known to the world, so take advantage of it! Send us your images to be considered both for the gallery and portfolio sections. Also, don't forget to take a peak at the selected galleries if you haven't done so before.

Our congratulations to all participating photographers.
