

Zonezero would like to join the celebration of Bangladeshi photography on this landmark year that amounts to 20 years of Drik Picture Agency and 11 years of the Pathshala, South Asian Institute of Photography. We would like to specially congratulate the outstanding job that Shahidul Alam has done not only in organizing, teaching, and providing visibility to photographers in Bangladesh, but in doing it so successfully.

We know that accomplishing such a paramount task has been the result of collaboration. We would also like to congratulate Shahidul's colleagues and staff at Drik and Pathshala for their vision and commitment.

We also thank Andy Levin and 100Eyes for sharing this magnificent selection of work done by Bangladeshi photographers portraying their own land and people.

Our best wishes on this anniversary of achievement and success

From all of us at zonezero.com
